RAVAK

A bathroom concept which leans your way.

10°

The whole series is based on a slight rotation at an angle of 10°.

The bath, washbasins and water taps with accessories literally lean your way, adding for more comfort and usefulness. Give a slight tilt to the standard rectangular bath and you'll get an asymmetric bath with a large shelf space or seat. The corner basin allows for a more convenient access, while the mixer tap conforms to your hands.

WHY BUY A CONCEPT?

Design

1 Because it's difficult to make a perfectly design-harmonized bathroom.
And now we offer you perfect solution.

2 Your customer makes all their bathroom investment decisions in your shop.
All products on the same price level (customer doesn't need to save money on some of the components).

MAIN SALES ARGUMENTS

1 Smart and clever
High user comfort

10°

A modern, sleek chrome faucet is the central focus, mounted on a white sink. The faucet has a distinctive 10-degree angle, highlighted by a white line and the text '10°'. In the foreground, a clear glass is partially filled with water, reflecting the surrounding environment. The background features a large window with a view of a lush, green landscape under a blue sky with scattered clouds. The overall aesthetic is clean and contemporary.

Main sales arguments

- 2** A more spacious seat on the bathtub
A lot of shelves
Wide space for comfortable bath or shower - up to 100cm from the shower enclosure

- 3** Comfortable access to the wasbasin in the corner

- 4** Big internal space - convenient for soaking up the hands up to the elbows

- 5** Three color options for different interiors (white, dark walnut, grey)

- 6** Hidden opening system for compact design

- 7** The unique design and tilt for maximum comfort when washing hands

- 8** Three different heights of water taps for highest comfort

- 9** Change the stream of water as desired with the adjustable aerator
